FROM OUR PRESIDENT

Dear Compass Ladies,

I am hopeful your New Year started with a bang, and with that some ideas to help us maintain our membership, maybe starting up a new interest group, evening events that would include significant others, ie husbands or friends. Remember, this is your Club and all of us have a responsibility to make sure it is successful. Send me an e-mail with your suggestions. I also would like to know if you have a local charity that we can sponsor for next season. ALL your ideas and suggestions are most welcome. The Board is here to serve you and your input is valuable to us.

I have enjoyed being your president so far and promise, with your help, to do the best I can for the remainder of the season.

Warmly, Ann

When I hear of someone succeeding with a disability, it warms my heart so I would like to share this story with you.

HAPPY FEET HIKERS/ WALKERS

We are a group of ladies that enjoy walking and exploring the Spokane area. We normally walk for about an hour and then grab a beverage at a local coffee shop near our exploration. We have been seen walking areas of the Centennial Trail, Manito Park, Kendall Yards and more. In the winter we often walk inside the malls and sky walks. **No scheduled walks in February.**

President (continued)

Dr. Temple Grandin, born in Boston, Mass, was diagnosed with mild autism at a young age. She did not speak until she was three years old. In high school she was considered weird and was bullied.

Dr. Temple Grandin went on to become an inventor, activist and a professor of animal science who has made a lasting contribution to the livestock industry. CSU President Tony Frank summarized her role as a role model for young women pretty aptly: "Early in her career, her determination helped break into what was a largely male-dominated animal production industry. She continues to serve as an advocate for women in the sciences, for young people with autism, and for anyone unwilling to let artificial boundaries stand in the way of their personal and professional success." Today half of the cattle in the United States are handled in facilities she has designed. She is currently a professor at the Colorado State University.

Shari Russell and Patt Perlman check-in with Treasurer Pat Partovi and Pat Moseley at the January luncheon.

Suzanne Lopes, Kathleen Hyde, Patty Hostetter, Carol Hannah, Deb Mallion and Carol Isakson (l to r) at January luncheon.

January's luncheon speaker was Garrett Jones, Director of Spokane Parks & Recreation Department, with an update on the Riverfront Park renovations.

DECORATIONS

Table centerpiece winners at the January 7 luncheon were: Pat Moseley, Julia Marvel, Patty McCarty, Suzanne Lopes, Kathy Piper, Shari Russell, Maureen Boutz and Connie Murphy.

Thank you to Kathy Cousineau for assisting me with the drawing.
